INTRODUCTORY

The aim of this work is to give a complete and accurate index to the public and private educational system of the United States. The information has been thoroughly revised and brought down to date, and before final printing of the book proofs submitted to the various school officials for final revision and correction.

In the main geographical classification, in addition to the public school officials, will be found a complete list of all schools and colleges, together with information as to the kind of school, class of students admitted, religious denomination, year established, and the name of the head of the institution. A second complete list of all schools is given in which they are classified and arranged according to the kind of school, giving a ready reference or complete list of any particular class of school. A complete Alphabetical Index of schools will be found at the back of the book from which any institution may be instantly located. The Public School system is fully covered by lists of the State Educational Officials and County Superintendents of schools, the Boards of Education, City Superintendents, Special Supervisors and Principals. A list of the more prominent libraries, with the name of the librarian and number of bound volumes, is also given. It is believed the work will be found of value to every one in any way associated with educational institutions, or engaged in educational work.

Acknowledgment is made to the various State and City Superintendents of Public Instruction, private school officials, librarians and

others for their kind co-operation and assistance in furnishing data and information necessary for the completion of the volume. While no labor has been spared in the effort to have the work as accurate as possible at the time of going to press, continual changes necessarily preclude absolute accuracy.

School officials, librarians and others will confer a favor by notifying us of changes, and by calling our attention to any inaccuracies or omissions in any department of the work.

COUNTY SUPERINTENDENTS OF SCHOOLS

Maine has no county superintendents of schools, but has what is known as the "Union Systems" of school supervision. The towns and cities of the state, of which there are 520, are combined into groups by the State Superintendent of Public Schools, and the members of the school committees of the towns in these groups elect one person to serve as superintendent of schools of the group or union, devoting his whole time to that work. The only exception to this arrangement is in the case of towns or cities having more than fifty schools. These are allowed to elect a superintendent of schools to serve that town or city alone.

The NEW WORLD *Loose Leaf* ATLAS

376 Pages, Maps
and Indexes

A Magnificent New Storehouse of World Knowledge

THE NEW WORLD Loose Leaf ATLAS is now ready—a monumental new work, massive in size, superb in execution, world wide in scope—376 pages of splendid, full color maps and complete indexes, showing the whole new world of today, with all the vast recent changes that have taken place.

But this is more than a new Atlas—it is a new kind of Atlas—the only Atlas that keeps pace with the world! It is Loose Leaf, and it is provided with continuous, up to date Map Service.

Here at last is an Atlas that need never go out of date—need never be discarded as future changes in the maps take place.

It is a permanent investment in world knowledge. That is why it has been made so magnificent an Atlas. That is why time, labor and money have been so lavishly expended to make it a truly monumental work. Only by making it massive in size, 14x20 inches, could such large scale, detailed maps be shown.

The NEW WORLD ATLAS is beautifully bound in rich, heavy, morocco grained fabrikoid of a brilliant red tint, with title embossed in pure gold leaf and the cover ornamentation in gold and royal blue. The beauty of this binding will enrich any library.

The World of Today Remapped

A Few Features

A superb collection, with printings in six or more colors 376 pages, size 14x20 inches. Bound in brilliant red morocco grained fabrikoid, with Loose Leaf Binder.

Large scale, detailed maps of every country, showing changes to date, including new states of Czechoslovakia, Yugoslavia, etc. Maps showing ocean depths, ocean currents, ocean routes, height of land, rainfall, temperature, vegetation, etc.

Over one hundred pages of U. S. maps; all cities, towns, postoffices, railroads, inter-urban lines. Series of physical and economic maps; grand divisions, isotherms for January and July, Summer and Winter climates, barometric pressure, wind directions, natural resources, agricultural products, etc. Population, language and racial maps. Sixteen pages of historical maps, showing nations from ancient times to and including the World War.

Complete indexes, giving location of places on maps, with population figures based on latest reliable data.

Loose Leaf—Always Up to Date Map Service Free for Two Years.

Twice each year new maps will be issued by the publishers to take the place of maps in which changes have occurred. These have only to be inserted in the Loose Leaf Binder to keep the NEW WORLD ATLAS constantly up to date, always timely, accurate and authoritative. For the first two years owners of the Atlas will receive these new maps without additional charge, and after that for a nominal sum. This Atlas need never go out of date—it provides a permanent source of up to date geographical information.

AS AN EDUCATOR

DO you realize that the future musical development of the world will come from America?

That the Greeks considered music the most important study in the life of the youth?

That good music in the school is, today, a vital force and can no longer be termed a "fad?"

That the most attractive form of presenting good music to young people is through the Music Memory Contest?

That music is the greatest force in the Americanization movement in schools and communities?

ARE YOU INTERESTED?

Anne Shaw Faulkner (Mrs. Marx Oberndorfer), author of "What We Hear in Music," "Music In the Home," Editor of "Americanization Songs for Home, School and Community Singing," and the "Music In the Home," a collection of simplified piano arrangements of Orchestral Masterpieces, has written four interesting pamphlets on the following subjects:

Americanization Through Music

The Music Memory Contest

Is Music a Vital Part of the Daily Life of Your Community?

Music In the Home

We will gladly send you any one of these pamphlets, or all of them, on request. IF YOU ARE INTERESTED, WRITE FOR THEM.
